

## Global Professionals

To ensure that students are receiving career readiness preparation and employment upon graduation, GESI offers the following services considering employer priorities for college learning and student success on the career trajectory:

- \* A database for eligible students to complete profiles for internships and OPT/CPT opportunities; graduates to complete profiles for employment opportunities; and employers to complete profiles to review qualified applicants for hire.
- \* A virtual and on-site training center where students receive career readiness counseling for resume writing, job interview preparation, and general professional development.
- \* Specialized skills, licenses, and certification training for top multinational companies.
- \* Payroll services and legal visa services so that employers can focus on productivity.
- \* An annual career day event during International Education Week.

## Connecting Students to Campuses and Employers

Welcome to Global Education Services, Inc. (GESI)

Our vision is to nurture students through their higher education aspirations while serving as a catalyst to increase enrollment on U.S. campuses. GESI's mission is to provide a rapid response platform for students-campuses-employers-communities to connect and achieve their objectives.

- Ravi Shetkar, Founder

GESI creates personalized pathways for international students to pursue post-secondary education in the U.S. with access to 4,000 institutions. Our leadership develops customized opportunities for U.S. campuses to build partnerships for academic, research, satellite campus, and other innovative linkages. GESI establishes talent pipelines with global employers to increase internships, practical training, and employment for graduates.

## GESI Corporate Capabilities

Global Education Services, Inc. (GESI) was established in spring 2022 in Nashville, Tennessee, USA to promote global partnerships through international education alliances.

GESI/India was established in summer 2022 in Pune, Maharashtra, India, to complement and provide a rapid response platform for global education services throughout South & East Asia.

GESI is poised to open regional offices to include GESI/Africa, GESI/Latin America & Caribbean, GESI/Europe, and GESI/South America.

### GESI consults with educational institutions and multinational companies to open pathways via:

- Organizing tours for U.S. campuses to connect with colleges and universities abroad
- Facilitating branch campuses for online education and dual enrollment programs
- Serving as a catalyst to advocate for first time study abroad academic exchanges
- Advocating for faculty professional development and joint research linkages
- Promoting community service projects to support corporate citizenship

In 2022, GESI selected India as its first country for outreach based on the new 2020 India National Education Policy that welcomes international education exchanges and linkages.

GESI prioritizes Tier II and Tier III regions in India to provide access to first generation undergraduates as well as graduate students seeking higher education in the U.S.

In fall 2022, GESI began assisting U.S. campuses with customized tours to India to recruit students, develop joint academic partnership linkages, and prospect to establish branch campuses to expand access and outreach.

GESI leads an annual fall event in the state of Tennessee for International Education Week.
